ELIGIBLE ORGANIZATIONS include: Other United Ways and 501(c)(3) health and human service organizations located in New York State or where the donor resides. Agencies must comply with the Federal Patriot Act to receive funding.

EXCLUSION When donors ask to exclude an agency from their gift, the actual amount withheld is calculated on a pro-rated basis. United Way modifies allocations when total exclusions to an agency reach 5 percent or more of their total allocations.

Gifts to United Way agencies are treated as the “first dollars” toward an agency’s annual allocation. United Way supplements these dollars with funds given directly to United Way to complete the agency’s total annual allocation. In the event that designated gifts exceed the agency’s annual United Way allocation, the agency will receive this larger amount. Designated gifts to agencies outside our funding system are sent quarterly from actual funds received.

Dear Orange Friends,

For more than forty years, Syracuse University has demonstrated its commitment to the community by hosting a United Way campaign on campus each fall. Syracuse University plays an important role in the overall success of the United Way of Central New York’s mission to address critical needs in our community through its network of funded organizations. The United Way has been a trusted partner to us, carefully managing and directing our philanthropic dollars to agencies and programs providing a safety net for those in need.

Please join us in making a pledge to this year’s campaign. We encourage you to return this pledge card or respond to an upcoming e-Pledge e-mail solicitation. Hundreds of you pledge annually, and for that we are proud. But we can do much more. Syracuse really is a great place to live, especially when we combine our resources and share the responsibility for making it so.

Chancellor Kent Syverud
