

University Neighborhood Partnership
Meeting Minutes
February 20, 2008

Members Present: Hugh Gregg, Beth Rougeux, John Ferguson, Norm Roth, Barbara Humphrey

Facilitator: Tom Wolfe

Tom announced that Mike Stanton had submitted his resignation and it was accepted.

The future of the UNP was discussed. Those present reached consensus that the UNP should have a presence in the Westcott/University neighborhood.

It was further agreed that the UNP needs a meaningful presence from permanent and part time residents, elected officials, investor/owners, and major institutions. This group of stakeholders could dedicate its efforts toward building relationships through dialogue and collaboration, advocating for programs and policies when appropriate. When decision-making was required, it could be accomplished via majority vote, although efforts would be made to reach consensus whenever possible.

It was agreed that the UNP would spend the next few months reorganizing, and bring a new model forward by June, 2008.
